

A NEW COMPANY TAKES OVER THE CADILLAC AGENCY

These High-class Cars and the Dodge Brothers Will Be Handled by New Mexico Motor Co.; Also the Buicks.

About ten days ago N. M. Cudabac made a hurried business trip to Detroit, Mich., the automobile manufacturing center of the United States. He returned to the city Saturday, and yesterday it was announced that the New Mexico Motor company, recently incorporated with a capital of \$50,000, of which Mr. Cudabac is president and E. T. Chase vice president, had taken over the agency for the Cadillac eight-cylinder cars, heretofore held by W. W. Strong. The trip to Detroit was to clinch the transfer, and on his return Mr. Cudabac brought with him proper papers to that effect, Mr. Strong releasing the agency to the New Mexico Motor company. In connection with the Cadillac, the same company will handle the Dodge Brothers' cars, and for the time being, until a new building is erected which is in contemplation, the headquarters for these two makes will be at the old Cadillac stand—No. 798 West Central avenue.

The new incorporation will also handle the Buick cars, but under the name of the Albuquerque-Buick company, and will retain headquarters at the Yrizarri building, corner of Fourth street and Central avenue. Yesterday, at the Buick quarters, Mr. Lucas, the agent, installed one of the latest Bowser gasoline filtered tanks, placing it outside on the Fourth street side of the building.

Yesterday, after the New Mexico Motor company had taken over the Cadillac agency, Mr. Cudabac disposed of four Cadillac cars to visiting purchasers and also stated that he has several other prospective buyers on the string. It is understood that Mr. Strong, whose health has not been the best for the past few months, contemplates an early trip to southern California, accompanied by Mrs. Strong, where they will remain indefinitely.

VOTES OF WOMEN

Do women realize that they already vote in the most effective way on important questions?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

No woman has been voting on the question of health. When they have suffered from woman's ailments, their vote has been overwhelmingly for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.

DELEGATES ARE NAMED TO STATE CONVENTION BY UNION DEMOCRATS

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
Clayton, N. M., May 1.—The democrats of Union county met here Saturday in convention from thirty-eight precincts to nominate twelve delegates to the state convention. The convention endorsed the policy of President Wilson on preparedness and a non-partisan tariff commission was advocated.

Twelve delegates and twelve alternates were elected and Juan Duran, the county clerk of Union county, was endorsed for national delegate. G. C. Smith made a forceful speech. He was followed by the venerable and eloquent Captain Snyder, county commissioner, who called upon the shades of Jefferson and Jackson to witness that the democratic party is following in their footsteps along elemental principles of democratic government. A. C. Miera gave in Spanish a history of democracy in New Mexico and Union county and paid his respects to the republican party in an hour's talk. Every speaker gave a forecast of democratic success by greatly increased majorities.

What Is Uric Acid? THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1776, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and so on. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" has proved to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric," or send 10 cents for a trial package of "Anuric Tablets."

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Doctor Pierce's Anuric Tablets.

Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the life of women have had a splendid reputation for the past fifty years.

COL. ALBRIGHT WINS CASE OVER HIS DAUGHTER

Supreme Court Affirms Judgment of Judge Reynolds in Important Suit Involving Title to Community Property.

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, May 1.—Among the opinions handed down today by the supreme court was that of Claude Albright, appellant, vs. J. G. Albright, et al., appellees, from Bernalillo county. The opinion is by Chief Justice C. J. Roberts, and affirms the judgment of the lower court.

The suit was brought for the partition of the separate estate of the mother, Mrs. J. G. Albright. The judgment of the lower court was in favor of the father, the appellee, the court holding that the property in question was community property.

Two other opinions by Chief Justice Roberts affirming judgments of the district court of Bernalillo county were also handed down. One is in the case of the state, appellee, vs. Jose Antonio Pino, appellant, involving the alleged larceny of two head of neat cattle, the property of Ricardo Ortega, and a sentence to the penitentiary. The other case was that of C. S. Culp et al., appellees, vs. Jesus M. Sandoval, appellant, being a suit on a breach of contract for the sale of sheep.

Other Decisions.
Four other decisions were handed down in cases from the lower Pecos valley, and another in a Grant county case. These cases are State, appellee, vs. Roscoe T. Graves, from Chavez county, the court below being reversed on a motion for rehearing; Lena Singer, et al., appellees, vs. W. P. Swartz, appellant, from Curry county, affirmed; Lena Singer, a minor, brought the action by her father as next friend, against W. P. Swartz to recover compensation for injuries alleged to have been received by her while operating a power-driven steam mangle in the laundry of appellant. The opinion is by Justice Parker.

In the case of Hiram M. Dow, appellee, vs. W. J. Irwin, appellant, from Chavez county, in an opinion by Chief Justice Roberts, the court adheres to a former opinion, reversing and remanding the case on the ground that "in civil cases it is a well recognized rule that questions not advanced on the original hearing will not be considered on the petition for a rehearing."

In the case of John Ellis et al., ete., appellants, vs. Lula Stone, appellee, from Roosevelt county, in an opinion by Justice Hanna the court below is affirmed.

In the case of Andrew Morstad, appellee, vs. A. T. & S. F. Railway company, appellant, from Grant county, the lower court is reversed in an opinion by Justice Parker. This is a personal injury case. The appellee recovered a judgment against appellant for the sum of \$2,950, with costs. The essence of the case consisted of the alleged negligence of appellant in employing an incompetent fellow-servant and in assigning that servant to engage in work with appellee, this being alleged to have been the proximate cause of the injury.

Syllabus in Albright Case.

The syllabus by the court in the Albright case is as follows:
"1. In a suit instituted by a daughter against her father for the partition of the real estate owned by her mother at the time of her death, she having died intestate, the uncorroborated evidence of the father is sufficient to sustain a finding by the trial court that the real estate standing in the name of the wife at the time of her death was community property, section 2175, Code 1915, has no application to a suit between heirs where the partition of the real estate of their ancestor."

"2. Section 1,087, compiled laws of 1884, and section 1,569, compiled laws of 1897, which define the separate property of the wife and further provided that and any woman may, during coverture, receive, take hold, use and enjoy property of any and every description, and all the avails of her industry, free from any liability of her husband on account of his debts, as fully as if she were unmarried; construed. Held that the clause quoted simply excepted the earnings of the wife from liability for the debts of the husband and did not make the wife's earnings her own separate property."

"3. Under sections 4,169 and 4,171, code of 1915, in every amendatory or supplemental proceeding filed by a party it is necessary for him to thereto restate the entire cause of action, defense or reply, and all matters set forth in his original pleading, and not to carry it forward into his amended or supplemental pleading as abandoned and a judgment for the defendant dismissing a cause on the merits is res adjudicata only as to such matters as are carried forward by a plaintiff into his amended or supplemental complaint."

"4. Without a judgment of the plea of res adjudicata has not foundation, and neither the verdict of a jury nor the findings of a court or referee, even though in a prior action upon the precise point involved in a subsequent action and between the same parties constitutes a bar."

"5. Although admissions contained in a pleading of a party in a former action are admissible, the pleading does not conclusively establish the facts alleged therein, and is open to explanation or rebuttal."

WHITCOMB SPRINGS AUTO SERVICE.

Car leaves Monday, 10:30 a. m. Wednesday and Saturday, 4:30 p. m. Arrangements for special trips Sunday. Fare, \$7.00 each way. Stand. Bell's livery barn.

NEWS NOTES from MOVIELAND

Anna Nilsson, Folke star who during the past few years has played in hundreds of pictures and delighted many thousands of moving picture fans, was born in Helsingfors, Sweden, just twenty-four years ago. She has been on the stage and in motion pictures in the United States for the last nine years, yet she does not come of theatrical folks and is the first member of her family to go on the stage.

She came to this country when a little girl because she thought it was a land of opportunity. At 16 she was one of the highest salaried fashion models in New York. One day a Kalem director spied her and because of her unusual beauty signed her to a contract at once. For four and a half years she remained with the Kalem company, appearing in more than 250 pictures in that time. Upon leaving this company she appeared in rapid succession with Fox and Kleine, then with Pathe.

Chief among Miss Nilsson's pleasures are swimming and horseback riding.

CHARLIE CHAPLIN IN "THE FLOORWALKER"

Work on "The Floorwalker," first of the Mutual Chaplin comedies, has been completed and will be released the middle of May. This picture, according to advance information from the Los Angeles studios, shows the famous comedian at his best. A number of novel stunts, hitherto never attempted by Chaplin, particularly those accomplished by him on the specially constructed escalator used in one of the scenes, furnish more laughs than there are feet of celluloid. These antics on the moving stairway, however, were not accomplished without numerous near accidents, in one of which Chaplin had a narrow escape from painful injuries.

When the kissing is prolonged—that's a cut-out. When the heroine has been wronged—that's a close-up. When the bride and groom in style promenade the center aisle, organ music heard a mile—that's a fade-out.

Harry Hilliard received a note from a girl who wrote him that in his last play he looked like "a large, sad-eyed child" in the love scenes, and that it was a fortunate day for America when this famous screen beauty decided to leave Sweden for the new world. She was "discovered" shortly after her arrival in this country, and has since appeared in hundreds of pictures.

Anna Nilsson.

she "felt like going right up to the screen and kissing his tears away."

Mary Miles Minter received so many flowers from admirers in Montreal, Canada, on a recent tour of the theaters there, that she was obliged to hire an extra taxicab to carry them. The next day she sent the flowers to the various hospitals.

Notes of Interest From State Museum

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.

Santa Fe, May 1.—Madame Verro von Blumenthal, of 35 Euclid avenue, Pasadena, who is spending part of each year in Santa Fe, today became a member of the Santa Fe Society of the Archaeological Institute of America. The Bracham-Mignardot hardware company also took out a membership. New Mexico is being heartily congratulated upon having organized so sturdy a branch of the Institute in so short a time.

The following today became members of the New Mexico Archaeological society: Admiral and Mrs. F. H. Bailey, of Gowanda, New York; Mrs. Martha R. Dinduff, Cherry Tree Cottage, Larchmont Manor, New York; Edwin A. Ewing, 37 Park Way, Piedmont, Calif.; and Miss Florence Brown, 4,978 Hillcrest Drive, San Diego, Calif.

An edition of 20,000 of Art and Archaeology, the beautiful monthly magazine of the Institute, will be devoted entirely to Santa Fe, the cliff dwellings and the School of American Archaeology. It will be the September number but will be printed by the end of July. Of the thirty-two full-page engravings, sixteen will be four-color plates printed by a new process which is superior to the best thus far produced. The other sixteen will be in the new duotone process. The text will be by Dr. W. H. Holmes, head of the National museum, and Director Edgar L. Hewett. It will be the finest and greatest advertisement ever given to Santa Fe and the splendid publicity will cost the citizens of Santa Fe not a cent, although the bare cost of producing that number of the magazine will be \$5,000. Art and Archaeology goes to the foremost figures in finance, official life, art and science in the United States. Several thousand extra copies will be printed on super-calendered paper for souvenirs. The pictures will be by Dr. Holmes, Jesse Nusbaum, Carlos Viera, K. M. Chapman, Delaney Gill and others, and will include the St. Francis murals on a two-page insert of a reproduction of a water color painting of the new museum building by Chapman. The cover page will reproduce one of the mural paintings of Gerald Cassidy. The number will demonstrate to the public that at Santa Fe there has been founded a center of art and science that is well worthy a visit.

The following registered at the museum: Tomlinson Fort, Tom Fort, Jr., Roswell, N. M.; E. F. Shepherd, Denver.

Very: George W. Davis, San Francisco; Bro. T. Ambrose, Chicago; Major J. E. McGee, United States medical corps; Mr. and Mrs. John E. Hastings, Bernalillo; M. E. Hastings, Utes, N. Y.; C. E. Allen, Tampa, Fla.; M. H. Ellis, Rolla, Mo.; Ellis, Oklahoma City, Okla.; Clara J. Converse, Alamosa, Kan.; Waldo Martinez, Chihuahua, N. M.

FIRST RIO ARRIBA COUNTY BANK FORMED

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
Santa Fe, May 1.—The Espanola State bank, of Espanola, N. M., the first state bank to be established in Rio Arriba county, was granted a charter today by the state corporation commission. The capitalization is \$22,000. The incorporators and directors are Charles F. Sutor, of Salina, Kansas, \$5,000; Lincoln H. Small, of Colorado Springs, \$5,000; Walter D. Chiles, of Espanola, who is named as statutory agent, \$5,000.

Incorporation papers were filed at the same time by the Bond-Baker company, of Roswell, to engage in the live-stock business. Clark A. Baker, of Roswell, is named statutory agent, and subscribed \$7,500 to the capital stock. The other incorporators and directors are Walter M. Connell, of Albuquerque, \$9,500; Edward Sargent of Chama, \$4,500; and Frank Bond, of Espanola, \$4,500. The capitalization is \$10,000 and the par value of the stock is \$1.

ROSE PLANTS Two-year-old stock, \$2.50 per dozen. Albuquerque Green- houses.

Bar Examiners Hold Meeting.
Santa Fe, May 1.—The state board of bar examiners met behind closed doors in the supreme court offices this afternoon. It is presumed that the matter of Attorney Francis E. Wood, of Albuquerque, was taken up for consideration.

Have just unloaded a case of whole maize bought before the advance, and a case of ground maize. Would like to convert this grain into money quickly. Will sell the whole maize at \$1.20 and the ground at \$1.30 per hundred pound lots or more. This is a cash price. All our drivers carry change; you can pay when delivered if you care to. These prices are open to any buyer who cares to take advantage of this unusual chance.

E. W. FEE.

Important Realty Deal.
Santa Fe May 1.—A real estate deal of some importance was closed today when Mrs. George H. Vanstone bought from G. H. McNitt of Racine, Wis., a parcel of land 400 by 250 feet on DeVargas street, near the capitol. An adobe residence stands upon the property and will be reconstructed by Mrs. Vanstone. A fine orchard is included in the deal.

Woodman Circle will give a dance and card party in Odd Fellows' hall, May 3rd. Music by Rooster orchestra. Tickets, 50c. Extra ladies, 25c.

Is the Owl different from other 5 cent cigars?

Probably you take your daily cigars pretty much for granted. Maybe you think they're all the same—that the Owl's just like every other five cent cigar.

You're wrong, brother.

Cigars differ, just as automobiles and musical comedies and suspenders differ. Some deliver the goods and live up to their reputations. Others don't.

A cigar can look all right on the surface and still be a villain at heart.

Cigars may look as alike as two pins (if they're machine made) and still never smoke twice the same.

Such things don't happen with the Owl.

Years ago we learned first to make the Owl a mellow, even-burning smoke. Then we directed the efforts of 11 factories to making every Owl smoke alike.

We found this demanded uniform curing—18 months or more of it. And that necessitated a reserve supply of tobacco to keep us running 18 months ahead.

So we put a million dollars into this reserve leaf.

A million dollars!
